USB RECHARGEABLE HEADTORCH

FULL INSTRUCTIONS

VRH150X *PRO*

RM929

USB RECHARGEABLE HEADTORCH 5 COLOURS | 1 – 160 LUMENS

IMPORTANT:

Carefully read and understand these instructions before using this RidgeMonkey product. Keep these instructions for future reference.

TECHNICAL SPECIFICATIONS:

- Dust & water resistance rating: IP66
- Maximum power: 1.2 watts
- Lumen rating: 160 (max)
- Charging: USB-C 5V 1A
- Charging time: approximately 2 hours
- Average battery life @ 15C (actual battery life varies with colour):
 - Spotlight: 4 hours
 - Medium: 12 hours
 - Low: 30 hours
 - Night light: 240 hours
- 360-hour battery life can be achieved using the green night light mode

The above figures are quoted as a guide only. Battery life depends on a number of factors, including (but not limited to) ambient temperature, condition & age of battery, charging habits etc

CAUTION: LITHIUM BATTERY. DO NOT DROP, CRUSH, PUNCTURE OR INCINERATE

STEP 4:

INSTRUCTIONS

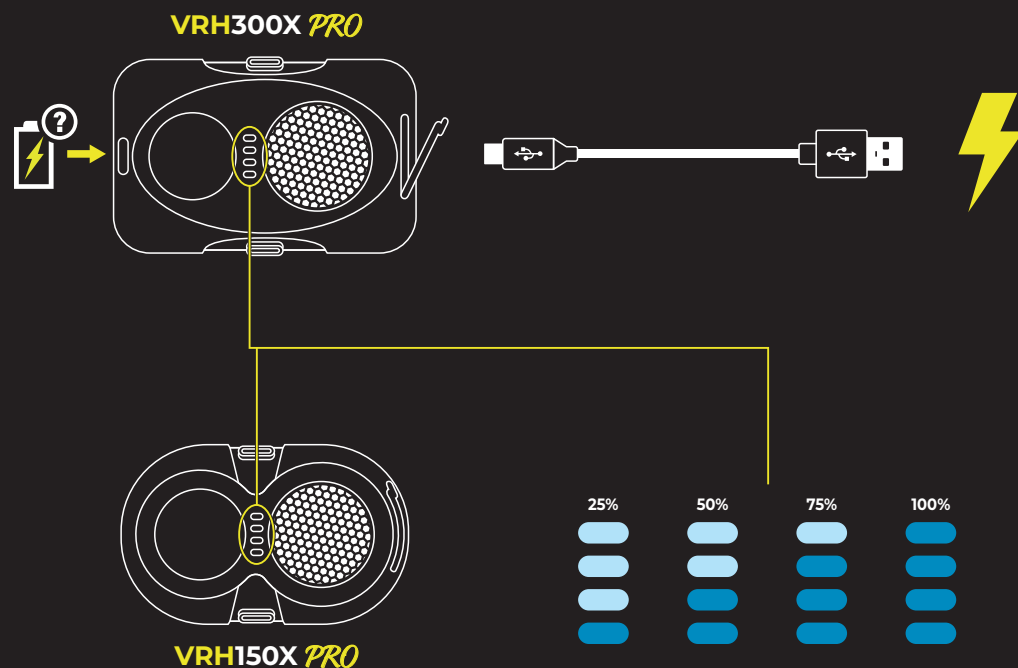

CHARGING:

Open the rubber USB-C cover and connect the Headtorch to a 5V power source. For optimum performance, recharge with a USB-C Power Delivery compatible charger and cable

Each LED represents approximately 25% of full charge.

Upon full charge, disconnect the USB cable and securely replace the rubber USB-C cover to achieve the stated IP66 dust & water resistance.

Do not attempt to recharge this device in temperatures above 35C / 95f or below 5C / 41f. Doing so will void your warranty and may cause permanent damage to this internal lithium cells of the device.

INSTRUCTIONS

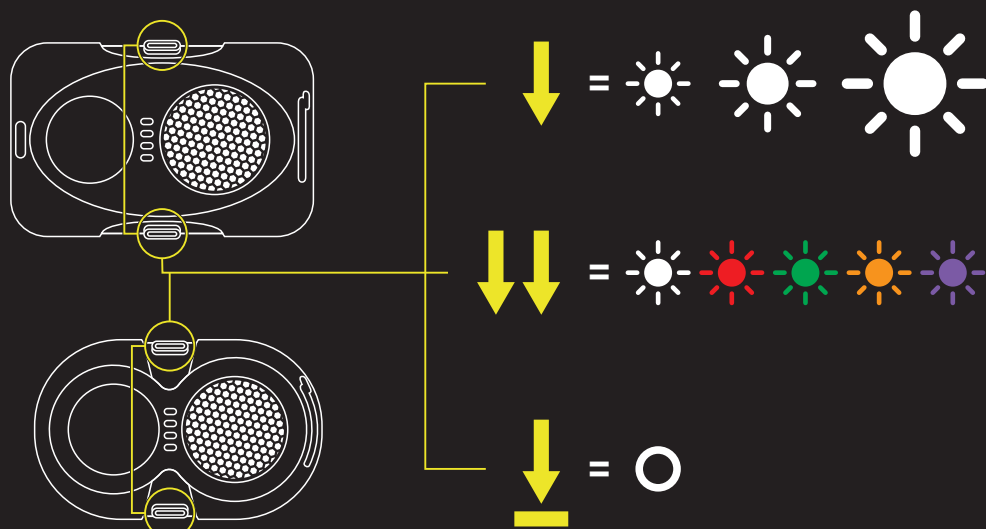

OPERATION:

Press a multi-function button to activate the Headtorch into the last used setting

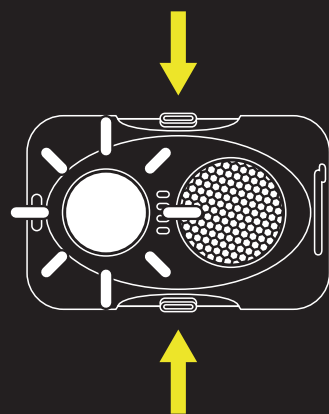

Double tap a multi-function button to cycle through the available colour settings

Single tap a multi-function button to cycle through the available brightness settings

Hold a multi-function button to turn the headtorch off

At any time, press both multi-function buttons together to immediately activate the bright white spotlight mode

Note 1: spotlight mode is available in white only

Note 2: night light mode is available in red, green, orange and violet only

CLEANING, MAINTENANCE & STORAGE

Use a soft, damp cloth to wipe the surface and allow the device to completely dry before storage. Do not use solvents.

If long-term storage is likely to occur between uses, we recommend storing at approximately 50% of full charge. Never store the device for long periods when empty as this may cause irreversible damage – always apply a small top up charge as soon as possible.

Run a full charge / discharge cycle at least once every three months to avoid shortening the lifespan of the internal battery.

IMPORTANT NOTICE:

Read and understand this manual and its instructions before using this product. Failure to do so may result in serious injury.

Keep all product information and instructions for future reference and pass them onto subsequent users of the product. The manufacturer is not liable for cases of material damage or personal injury caused by incorrect handling or non-compliance with the supplied instructions. In such cases, any guarantee or warranty shall be voided.

Where applicable, this product and any included accessories are in conformity with the relevant UK & EU harmonisation legislation. Please visit ridgemonkey.co.uk/declaration-of-conformity to view the most recent Declaration of Conformity file(s) for this product.

GUARANTEE:

This product is covered by a 24-month guarantee.
